ANNEXURE-I

STATEMENT OF ARTICLES OF CHARGES FRAMED AGAINST SRI SURYA PRAKASH, FORMERLY DEPUTY EXECUTIVE ENGINEER, P.R. DIVISION, JAGITIAL, KARIMNAGAR DISTRICT (NOW WORKING AT PRI SUB DIVISION, SIRCILLA, KARIMNAGAR DISTRICT)

CHARGE:

That the said Sri Surya Prakash, while he was working as Deputy Executive Engineer, P.R. Division, Jagital, has committed certain irregularities in execution of work "Road from Itikyal to Mootapalli, Raikal (M)".

- (a) He check measured the work and recommended for payment with ante dates to facilitate the contractor for price escalation claims, for want of personal gain.
- (b) Due to deficiency in B.T. and over size in 40-45mm metal, an amount of Rs.24,314/- (Rs. 8,622/- + Rs.15,692/-) needs recovery.

BASIS:

As verified by the Vigilance & Enforcement officials, the work "Road from Itikyal to Mootapalli" was taken up under NABARD RIDF for Rs.81.00 lakhs and entrusted to Sri Y. Rajeswar Reddy, Jagital, for Rs.57.33 lakhs at an (+) 2.89% excess over the estimate contract value (ECV) with completion date as 26.01.2007. Extension of Agreement Time was sanctioned upto 29.01.2008 as on the date of inspection on 17.07.2008. The work was completed within the EOAT period.

As verified from the M. Books, the measurements were recorded within the EOAT period i.e. 29.01.08. But the bills from LS C.C. III rd and part bill to VIth part and bill were released on 26.03.07, 04.05.07, 03.07.07 and 05.05.08. Had the measurements actually been recorded for finished items i.e. WBM Gr.II and Gr.III and OGPC prior to 26.03.07, the same had to be incorporated for payment in the subsequent immediate bill i.e. LSCC IIIrd and part bill on 26.03.07. But the measurements were included upto VIth and part bill which was released on 05.05.08 after 1 year and 3 months, which indicates that the measurements were recorded with back dates. Further no agency will wait for payment after completion of work for such a long period when the LOC is available.

In fact, the work should not be recorded and check measured in M.Book until the work is executed as per specifications and satisfied by the Engineer-in-charge. Also any rectifications shall be taken up by the concerned contractor at his cost within the defect liability period. Even though the measurements were recorded prior to agreement dates/EOAT and there was no paucity of funds, the same were not incorporated in the immediate subsequent bills for payment which indicates that the measurements were recorded with back dates to facilitate price escalation claims for the contractors.

This clearly indicates that the Delinquent Officer check measured the work and recommended for payment with ante dates to facilitate the contractor for benefits.

Further, as per the tests conducted on Bitumen and metal, deficiency in Bitument content in the reach from KM 1/0 to 2/0 and over size in 40-45mm metal in reach from KM 1/0 to 2/0 and 3/0 to 4/0 for which a total amount of Rs.24,314/- paid excess than the work actually executed resulting which the work was executed with less quality and the amount is to be recovered.

Hence, the charge.
